Rawalpindi, Pakistan

09 December 2000

PROFESSIONAL OBJECTIVE

Dedicated Software Engineer with 4+ years of hands-on experience in .NET Development and Full Stack Web Technologies. Holding a BS in Software Engineering (CGPA 3.28, Best Thesis Award) from PMAS ARID University, with proven expertise in C#, ASP.NET Core, SQL Server, and RESTful API development. Successfully delivered enterprise-level projects across multiple organizations including MJ Associates and Vantage Software. Passionate about building secure, scalable, and high-performance applications and eager to contribute technical skills in a challenging and growth-oriented professional environment.

WORK EXPERIENCE

.NET Developer | Vantage Software — Under CMIP IT Program

January 2026 – Present

- Developing scalable enterprise web applications using ASP.NET Core and SQL Server for production environments.
- Implementing RESTful APIs, microservices architecture, and secure authentication systems.
- Collaborating with senior architects on database design and optimization for high-traffic systems.

Microsoft & .NET Framework Developer | MJ Associates, Islamabad

June 2023 – October 2024

- Led design, development, and maintenance of high-profile .NET projects for enterprise clients.
- Developed and customized WordPress themes and plugins to meet complex client requirements.
- Optimized application performance, resolved critical technical bugs, and ensured website security.
- Collaborated with cross-functional teams to deliver projects on time and to quality standards.

Freelance .NET & Full Stack Developer | Self-Employed

November 2024 – December 2025

- Designed and deployed custom web solutions and mobile applications for multiple clients.
- Worked with React Native and ASP.NET for end-to-end application development.
- Managed client requirements, timelines, and deliverables independently.

AI Internee | ITSOLERA Pvt Ltd, Islamabad

July 2024 – October 2024

- Completed AI internship working on Text Classification for News Articles and Emotion Recognition in Conversation.
- Contributed to AI-Powered Drug Repurposing project and AI Model for Processing Orders.
- Demonstrated exceptional ability to learn quickly and collaborate effectively with the AI team.

Full Stack Web Developer | Storming Technologies

January 2022 – June 2022

- Contributed to web solutions and digital transformation projects for diverse clients.
- Worked on frontend and backend development tasks using modern web technologies.

App Developer Internee | Dgen Solutions, Islamabad

March 2021 – August 2021

- Gained hands-on experience in mobile and web application development.
- Demonstrated strong teamwork, discipline, and commitment to technical learning.
